# About the Games

The Alberta Winter Games is Alberta's premier sporting events for youth athletes aged 11-16.

Since the first Alberta Games were introduced in 1974, thousands of young Albertan athletes have competed in communities across the province in their pursuit of athletic excellence. Every two years, a host community is selected through a rigorous bid process, and the excitement kicks off from there.

Sporting environments like the Alberta Winter Games are a pivotal stepping stone in athlete development. In fact, some athletes who have participated in the Alberta Games have gone on to represent their community at the Canada Games, and even advanced to representing Canada at the Olympics.

The Lakeland Region is excited to welcome the 2026 Alberta Winter Games and the 2400 athletes, coaches, and officials from all across Alberta. Along with a Board of Directors, games staff, and over 1000 volunteers, we will ensure that all events are implemented and completed in a fun, safe, and sportsmanlike manner. Together with parents, family, and fans, the expected attendance is estimated to be over 4000 people.

The Alberta Winter Games provides many benefits to both the host community and to thousands of Albertans who participate at local, zone and provincial levels. The 2026 Lakeland Alberta Winter Games eager to engage the community with volunteer opportunities as well as sponsorship and donations from Alberta businesses.
